### TOWN BOARD RESOLUTION

January 14, 2008

Councilor Shute introduced proposed Local Law No. A-2008, to provide for an increase in the partial real property tax exemption for persons with disabilities whose incomes are limited by reason of such disabilities in the Town of LaFayette, and made the following motion, which was seconded by Councilor Bailey:

WHEREAS, no other agency has the legal authority or jurisdiction to approve or directly undertake the enactment of a local law in the Town of

**LaFayette, such that there are no other involved agencies within the meaning of the New York State Environmental Quality Review Act (SEQR) with respect to the proposed enactment of said Local Law, with the result that the Town Board shall act as lead agency in this matter. NOW, THEREFORE, it is**

**RESOLVED AND DETERMINED, that the enactment of proposed Local Law No. A-2008 is a Type II action and will have no significant effect on the environment; and it is further**

**RESOLVED, that the Town Board conduct a public hearing as to the enactment of proposed Local law No. A-2008 at the Town Hall located at 2577 Route 11 in the Town of LaFayette on February 11, 2008 at 6:30 p.m., or as soon thereafter as the matter can be heard, at which time all persons interested in the subject shall be heard.**

**The question of the adoption of the foregoing resolution was duly put to a vote and upon roll call, the vote was as follows:**

<b>Supervisor Gregory Scammell</b>	<b>Voted</b>	<b>Yes</b>
<b>Councilor David Knapp</b>	<b>Voted</b>	<b>Absent</b>
<b>Councilor Thomas Bailey</b>	<b>Voted</b>	<b>Yes</b>
<b>Councilor William McConnell</b>	<b>Voted</b>	<b>Absent</b>
<b>Councilor Adrian Shute</b>	<b>Voted</b>	<b>Yes</b>

  - c) LaFayette Hotel – car sales.
  - d) Route 11 North – Robert Shute – junk accumulation.

Ralph Lamson said in the paper there has been discussion about the Amish building and the requirement of having insurance. They have found out this is not a state law and they are not required to have insurance. He asked Kevin to comment and how this might relate to LaFayette requirements.

Kevin Gilligan indicated that the newspaper article involved a small town southwest of here which had passed local legislation which required local contractors to carry a certain amount of liability insurance, in addition to the Workers Compensation and Disability benefits insurance required under the State Labor Law. That local legislation was rolled back recently by that town. This does not involve contracts with the town itself, where by contract the town can and should require liability insurance to protect its taxpayers. He ran into this problem in Solvay where they wanted to use the Amish to put a gazebo up and they wouldn't get Workers Compensation or insurance so they couldn't use them.

Councilor Bailey asked if a contractor wouldn't generally carry liability insurance.

Kevin said you would think so.

Ralph Lamson said he went around the town today and has a few letters to write.

Councilor Bailey said based on Leon Cook’s recommendation he is O.K. with this.

Councilor Shute asked where the salary of \$14.50/hour came from.

Tom Chartrand said that is what he is paid when he works for the Highway Dept.

Councilor Bailey asked if E. Syracuse has turned off the tap.

## **9. LITIGATION & OTHER LEGAL MATTERS.**

### **A. Onondaga Nation Land/Land Rights Claim.**

**B. Springhill Farms.**

Mary Jo Kelly said the Zoning Board of Appeals didn't address this matter as the applicant had not provided the requested information.

Supervisor Scammell asked Kevin Gilligan about this.

Kevin Gilligan said the initial question was, is this a non-conforming use and if so to what extent. He asked Ralph Lamson if they have been cited on the possible setback violation.

Ralph Lamson said he has sent them a letter.

Kevin Gilligan said he doesn't know the reason the ZBA is requesting a survey.

Supervisor Scammell asked if there is a time-frame they need to produce the requested information by.

Kevin Gilligan doesn't know how their attorney will respond to the request.

**C. May v. Town of LaFayette: legal fees (\$2,854) payable by Mr. May in contempt motion.**

Kevin Gilligan said Sam Young is working on this. He thinks we are going to get it.

**D. Jamesville Grove Estates: cancellation of insurance.**

Kevin Gilligan said he has turned this over to John Langey to work on.

**E. Planned District samples.**

Councilor Shute said we already have this in the town Zoning Ordinance.

Kevin Gilligan said we have a skeletal version of this.

Councilor Shute said it seems to him that less might be more. The way our zoning is written, someone would have to submit a plan to this Board for approval and any deviation of that plan would require them to come back to the Town Board for approval.

Kevin Gilligan said a requirement to get that classification is there needs to be a plan and the plan is solidified with covenants between the town and the owner so if something changes the owner must come back to the Town Board to approve the change.

Councilor Shute asked what the Planning Board does in this.

Kevin Gilligan said they would review the plan and make a recommendation back to the Town Board.

Ralph Lamson said they may ask for a lot more detail.

Councilor Shute said once it comes back to the Town Board, before construction actually begins, does it have to go back to the Planning Board?

Kevin Gilligan said after the Town Board gives approval to the Planned District, it would only go back to the Planning Board if it were going to be subdivided and parcels sold off.

Councilor Shute said the CPD is just another zone. Under our the current zoning we have, if he were going to build a store he would have to go to the Planning Board to make sure all the requirements were met, i.e. driveways, lighting, etc. He doesn't understand why going to the Planning Board doesn't occur after the Town Board has made a decision.

Kevin Gilligan said the Town Board basically turns it over to the Planning Board for their expertise before making a determination as the Planning Board deals with this all the time.

Councilor Shute said the only problem he sees with this is if he has a piece of property he wants to develop and he wants to be sure he can have a certain type of store, he doesn't necessarily have someone to lease or buy it yet but he wants to be able to go out and market the property so he wants to get a general approval.

Kevin Gilligan said one issue that may be established by the Planning Board is the one road entering the site.

Further discussion took place regarding planning of the district.

**F. SPCA contract.**

**G. Health Center – rezoning for residential drug and alcohol treatment center – more details.**

Kevin Gilligan said this can be removed from the agenda.

**H. Low income and seniors exemptions for 2008 tax rolls (MT/KG).**

**I. Retainer Agreement – 2008.**

**Councilor's Bailey moved and Shute seconded the motion to accept the 2008 Legal Retainer Agreement. Motion passed unanimously.**

**J. Other.**

Kevin Gilligan said he revised the Incidental Contract and sent the revision to Tom Reily to review and comment on to be sure we are doing what the insurance company wants.

Kevin Gilligan said he hasn't heard anything on the Rockwell Lease.

Leon Cook said he hasn't either.

**10. UNFINISHED BUSINESS & ACTIVE PROJECTS.**

**A. Community Development Grant app - 2008.**

1) Park designs (SU &/or playground equipment manufacturers- Parkitects) – rejected.

- Bailey Park.
- LaFayette Beach.
- Stafford Park.
- Grant writer.

Kevin Gilligan said he hasn't heard anything on this yet. When they send the letter out they will advise us to have a public hearing and a 5-Year Plan adopted and have the application in by March 1<sup>st</sup>.

Supervisor Scammell thinks we normally get the letter the third week in December.

Councilor Shute asked if we need to set a public hearing for this now.

Kevin Gilligan said the Board will need to set one. He doesn't know where the town is at with the 5-Year Plan.

Supervisor Scammell said we do have one but it needs to be updated.

Kevin Gilligan said you could schedule a public hearing for February 11<sup>th</sup> and have an updated 5-Year Plan to Mary Jo within 5 days.

Supervisor Scammell doesn't think it can be updated that quickly.

Councilor Shute asked if we could have a public hearing on the 25<sup>th</sup> of February.

Kevin Gilligan said yes. You can hold off until the next meeting to schedule the public hearing.

Councilor Shute said between now and the next meeting we will have to get together to decide what the 5-Year Plan is. He was interested in finding out what Jennifer Thau had to say as she worked in that department.

**B. NYS DOT: quarterly reports on 11 & 20 reconstruction & drainage.**

**C. For TB review.**

1) GBoR member: tbd , 01/01/07 – 09/30/08 (replacing John Aiken's term).

2) GBoR member: tbd, mm/dd/yy – mm/dd/yy (replacing Shawn Adam).

Supervisor Scammell reviewed the requirements for a member as there are two openings.

The Board returned to the Highway Report.

Leon Cook said they have been doing a lot of ditching and cleaning shoulders and taking care of the trees that were blown down.

They had an accident on December 25, 2007 during the ice storm. They had one truck going down Naughton Road and just after passing Naughton's house the truck took off down the hill. The driver tried to put it in the ditch but couldn't. When it slid down to Stillmeadow, it took the utility pole down and the lines fell on the truck. Al Klaiber and Art Gabriel were in the truck. They sat in the truck until Nationalgrid got there to shut the power off. They had to wait about 2 hours. They saw the lines arcing on the ground. They have had training that if something like this happens not to get out of the truck. From then on, the trucks backed around most of the routes so they were putting sand down before driving over the area.

Councilor's Knapp and McConnell arrived 7:16 p.m.

Leon Cook discussed a West Shore Manor flooding problem.

Leon Cook said the truck the town was going to get from Geddes was a 97 GMC as they had a new truck ordered to come in this spring. Geddes is plowing with this truck now. The truck needs a new transmission. They put the truck on surplus so he was going to get it and put the transmission in himself. The Geddes Town Board wants to put the truck up for bid now for a minimum of \$2,500. He had an agreement with the Highway Superintendent from Geddes that he could get the truck for \$2,000 but that is not the case anymore.

Councilor Bailey asked if he wanted him to call a friend of his regarding a truck.

Leon said that would be good.

Kevin Gilligan said a reminder that the used pickup must be \$10,000 or under or it has to go out to bid.

Councilor Knapp asked if it's worth \$2,500.

Leon Cook thinks it will go for a lot more than that. He asked the Board if they wanted Councilor Bailey to call about a truck.

The Board was in favor of this.

Councilor Knapp said he will work on this too. He asked if Leon wants a ½ or ¾ ton.

Leon Cook said a ½ ton is fine. It has to be heavy duty and have a hitch on it. They will be using it to haul the trailer and chase parts.

Councilor Knapp asked if he wanted diesel.

Leon Cook said if they go diesel, the cost will be getting up there. He doesn't really care right now.

**Councilor's Knapp moved and Bailey seconded the motion that the Town Clerk Cash Book has been audited and accepted by the Town Board. Motion passed unanimously.**

Councilor Knapp asked if we have had anybody show any interest in putting their land in an Ag. District.

Supervisor Scammell said he hasn't heard of anyone.

Leon Cook said he has a proposal written up for West Shore Manor that he will be getting to Mary Jo to type up to send to Senator DeFrancisco's Office.

Councilor Knapp said with Bob DeMore being elected to the County Legislature, he could no longer be the leader of the SOTS Committee. The Committee met this morning and he was picked to be the new Chairman of the Committee.

Leon Cook said E. Syracuse has postponed shutting off the water for a month as there is possibly 5 services that aren't hooked up yet. The big one is the county.

Supervisor Scammell said as far as we know OCWA and East Syracuse are both flowing.

Leon Cook asked who is going to be responsible for putting up hydrant markers. Wouldn't the water authority be responsible for that?

Kevin Gilligan said he would ask John Dunkle about this. He asked who does the other ones down there.

Leon Cook thinks OCWA.

Kevin Gilligan said they may do it once they take over the hydrants.

#### 10. **NEW BUSINESS.**

**A. Rx zoning classification – Comprehensive Plan.**

**B. Bill Moench's donation - "Don't Tread on Me" flag.**

**C. Other.**

Councilor Knapp said he and Councilor McConnell were up at the LaFayette Fire Dept. with the new folks taking over the Service Award Program. It went very well. There were a lot of misconceptions that were ironed out. They are going to be posting their list in the next day or two. If someone is in the program for two years and leaves, under the current rules they forfeit what they have accrued to that point. However, if they

come back within 5 years, they can recoup that time from the first two years and go from there. Currently when this happens, we take the money back and put it in the general fund. They are asking if we shouldn't leave the money in there and let it continue to grow so if the person does come back it wouldn't cause the town to have to find the money.

Councilor McConnell said they discussed changing the time-frame from 5 to 3 years.

Councilor Knapp said if the person doesn't come back within the 5 years, the money comes back to the town.

**Councilor's Knapp moved and McConnell seconded the motion to appoint Tom Bailey as the Delegate for the Town of LaFayette at the Annual Association of Towns Meeting. Motion passed unanimously.**

12. There were no suggestions for improvement and positive contributions.

13. No Executive session needed.

14. **Councilor's McConnell moved and Knapp seconded the motion to audit and pay the following bills:**

<b>HIGHWAY FUND</b>	<b>#1099-1109</b>
<b>GENERAL FUND</b>	<b>#110 – 1140</b>

**Motion passed unanimously.**

15. **Councilor's Knapp moved and Shute seconded the motion to adjourn. Motion passed unanimously.**

The Town Board Meeting adjourned at 7:34 p.m.

Respectfully submitted,

Mary Jo Kelly  
Town Clerk
